# WAY FINDING

GUESTS NEED TO KNOW WHERE THEY ARE, HOW TO REACH AREAS AND SERVICES AND HOW TO FIND THEIR WAY OUT AT ALL TIMES.

WAYFINDING HELPS THEM IN THAT, PROVIDING THE NECESSARY MEANS TO ORIENTATE THEM.

A STRATEGIC STUDY FOR CREATING AND POSITIONING APPROPRIATE SIGNAGE IN THE RIGHT SPOTS BOTH INSIDE AND OUTSIDE.

ESSENTIAL CRITERIA:  
LOGIC, HARMONY IN PROPORTIONS AND ENVIRONMENTAL READABILITY.

## CARRELLI MOTORIZZATI | MOTORIZED TROLLEYS | CHARIOTS MOTORISÉS

Carrelli elettrici con struttura in metallo verniciato. Adatti a carichi particolarmente elevati e trasporto merci. Ruote elettriche comandate da un pratico controller dotato di chiave di accensione, display con indicatore velocità e livello batteria. Avanzamento sia in avanti che in retromarcia; all'occorrenza è possibile scollegare le ruote elettriche dal meccanismo e spingere il carrello manualmente.

Electric trolleys with painted metal structure. Recommended for particularly heavy loads and transport of goods. Electric castor controlled by a practical controller fitted with ignition key, display with speed and battery level indicator. Both forward and backward movement; if necessary, it is possible to disconnect the electric castor from the mechanism and push the trolley manually. Chariots électriques avec structure métallique verni. Adaptés à des charges particulièrement lourdes et au transport de marchandises. Roues électriques commandées par un dispositif de contrôle fonctionnel doté de clé de contact, affichage avec indicateur de vitesse et niveau de batterie. Déplacement en marche avant et arrière; si nécessaire, possibilité de déconnecter les roues électriques du mécanisme et de pousser le chariot manuellement.
